PROFESSIONAL SUMMARY

Senior MERN Stack Developer with 4+ years of experience architecting, developing, and leading high-performance full-stack web applications serving 15,000+ monthly users. Proven track record in team leadership, performance optimization (up to 38% faster load times), and AI-integrated SaaS products. Expert in JavaScript/TypeScript, React, Next.js, Node.js, NestJS, and cloud-native deployments on AWS and Docker.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript
Frontend	React, Next.js, Redux, HTML5, CSS3
Backend	Node.js, Express.js, NestJS, REST APIs
Databases	MongoDB, PostgreSQL, MySQL, Redis, Supabase, Prisma ORM
Cloud & DevOps	AWS, Docker, Git, CI/CD
Messaging & Caching	RabbitMQ, Redis
AI & Tooling	AI Integration, Claude, Cursor, LLM-based features
Methodologies	Agile/Scrum, SDLC, Code Reviews, Team Leadership

WORK EXPERIENCE

Technical Team Lead & Senior MERN Stack Developer

Hello World Technologies | Lahore, Pakistan | Sep 2024 – Present

- Lead a team of 5 developers in designing and delivering scalable MERN-stack web applications serving **15,000+ monthly active users**.
- Architected and developed high-performance applications, **reducing load times by 38%** and improving overall responsiveness through caching, lazy loading, and query optimization.
- Mentor junior developers via structured code reviews and pair programming, **reducing production bugs by 30%**.
- Drive technical decision-making on system architecture, technology stack selection, and best engineering practices.

Project Team Lead & MERN Stack Developer

DruDots Technologies | Lahore, Pakistan | Jul 2023 – Sep 2024

- Developed and maintained scalable MERN applications handling **8,000+ active users** across multiple client projects.
- Led a team of 2 developers, ensuring timely delivery of client projects with consistent quality standards.
- Optimized backend APIs and frontend rendering, **improving application performance by 35%**.
- Collaborated directly with clients to gather requirements, propose technical solutions, and demonstrate progress.

MERN Stack Developer

ProNode Technologies | Lahore, Pakistan | Nov 2021 – Jul 2023

- Built and maintained full-stack applications using the MERN stack, contributing to **15+ production deployments**.
- Participated in the complete SDLC — from requirements gathering and design to development, testing, and deployment.
- Actively contributed to code reviews, helping improve team code quality and **reduce defects by 20%**.
- Developed reusable React components and backend modules, accelerating delivery across multiple projects.

KEY PROJECTS

DineHome – Team Lead & Senior MERN Stack Developer

Food ordering platform with real-time order tracking, multi-vendor management, and payment gateway integration. Built with React, Node.js, Express, and MongoDB.

MedicalRadar – Team Lead & Senior MERN Stack Developer

Social media application for healthcare professionals featuring content feeds, messaging, and profile management. Implemented scalable backend architecture and real-time features.

Doocado – Senior MERN Stack Developer

AI-based SaaS food ordering system leveraging LLM integrations for smart menu suggestions and automated customer interactions. Built multi-tenant architecture for restaurant onboarding.

TheTutor.me – MERN Stack Developer

Online learning platform offering private tutoring services with video sessions, scheduling, and payment processing. Developed student-tutor matching and dashboard features.

iSalonee – MERN Stack Developer

Personalized salon & spa booking SaaS platform with appointment management, staff scheduling, and customer CRM. Delivered responsive UI and RESTful APIs.

Splinter – MERN Stack Developer

Fintech Buy-Now-Pay-Later (BNPL) product with credit scoring, installment tracking, and secure transaction processing. Contributed to frontend and backend modules.

EDUCATION

Bachelor of Science (BS) in Computer Science

National College of Business Administration & Economics | Dec 2021 – Dec 2025

CERTIFICATIONS

Certified Software Engineer – HackerRank | Jan 2026

JavaScript (Intermediate) Skills Certification – HackerRank | Jan 2026

Full Stack Web Development – IT Centre Rahim Yar Khan | Jul 2021
